

## **TOMIGUNN WAR HAMMER**

### ***Technical Specifications and Application Instructions***

#### **Product Description:**

WAR HAMMER is an all-natural microbe powder designed to enhance the health and hygiene of commercial poultry houses.

#### Health Hygiene Enhancer

Composed of a blend of beneficial microorganisms, WAR HAMMER is effective in controlling pathogenic bacteria and improving overall cleanliness. When applied, it is sprayed on all interior surfaces, including walls, water pipes, feeder lines, and curtains, ensuring comprehensive distribution throughout the poultry environment.

#### Pathogen Inhibition Mechanisms

The beneficial microorganisms in WAR HAMMER operate through several mechanisms to create a healthier environment. They utilize competitive exclusion to occupy niches that would otherwise be available to harmful pathogens, thereby reducing the resources available for their colonization.

Additionally, some of these microbes produce substances like bacteriocins and organic acids, which are toxic to pathogenic bacteria.

Furthermore, these beneficial microbes can form positive biofilms on surfaces, creating a protective barrier that inhibits the colonization of harmful bacteria.

#### **Product Specifications:**

Bacillus Mucilaginosus	13,200,000 cfu/g
Bacillus Megaterium	15,000,000 cfu/g
Bacillus Licheniformis	15,000,000 cfu/g
Azobacter Chroococcum	250,000,000 cfu/g
Pseudomonas Fluorsces	815,000,000 cfu/g

#### **DIRECTIONS FOR USE:**

Add 1 ounce of WAR HAMMER to 3.5 gallons of water in a fine mist sprayer fogger. Apply to all surfaces, walls, dishes, feedlines, curtains, etc. Coverage varies, approximately 7,000 to 10,000 square feet per 1 ounce of WAR HAMMER. A fine mist sprayer fogger is recommended. Reapply after every flock (long term birds) or every other flock (short term birds).

**Storage:**

Store between 40 F and 85 F in a dark place protected from direct sunlight or high heat. Do not allow moisture to come in contact with product that is not being used. If clumping exists, break into useable chunks. The product is still useable and will mix readily with water. Between uses: close the zip lock seal on the pouch completely and then squeeze all excess air out through one way valve to avoid clumping. Do not inhale. Use only as directed.

**Warranty:**

This product is guaranteed to be free of defects of manufacture, production, quality assurance, or other faults, for a period of one year after the date of purchase. If the product is found to be defective, then please return it to the distributor where this product was purchased for a replacement. This guarantee is void where prohibited and/or if this product has not been stored in accordance with instructions listed herein. Due to the many factors that affect performance, Nous Holdings Inc (d/b/a TOMIGUNN) cannot guarantee the effectiveness of this product in use. Any and all warranties of this nature are expressly denied.
